Contact information for the onsite coordinator and a summary of the information to be provided via text will be provided before the tournament starts to each team's head coach. Any scores not turned in within one hour will be recorded as a tie and each team will be assessed 1 run per inning for the purpose of runs allowed and 0 runs for all other tie breaker and seeding rules. Onsite coordinator information will be available at the Pavilion. For all offsite games, the coordinator will be easily identifiable.

## 5. TIME LIMITS

- a) The head umpire's watch is the official game clock.
- b) Games will have a hard stop at two hours. Any game that goes to hard stop will be considered official, regardless of number of innings. See exception for Championship games. At the 2 hour hard stop, the umpire will declare the batter at the 2 hour mark the last batter and that at bat will be the final play of the game.
- c) No new inning may begin after one hour and forty-five. The next inning officially starts right after the 3<sup>rd</sup> out of the previous inning.
- d) A new inning begins the moment the previous inning ends.
- e) An inning started must be completed unless the home team is leading or takes the lead during its final at bat. In the event of a hard stop, if the HOME team is losing at the time of the hard stop, the game will revert back to the previously completed inning. If the HOME team is winning at the time of the hard stop, the game will end as if the current inning was played to completion. If it is determined that the HOME team is stalling to force the game to revert back to the previous inning, the tournament director reserves the right to extend the game and allow the current inning to play to completion.
- f) A game halted in progress due to inclement weather shall be official after four innings (3 ½ innings if the home team is leading).
- g) An official pool play game that has a tied score at the end of the last completed inning shall be recorded as a tied game. Each team will be awarded ½ a point for the purpose of tie breaker and seeding rules.
- h) If a game is stopped for any reason (e.g., inclement weather) BEFORE it becomes official, the game will be considered suspended and will be resumed from the point of curtailment at a time scheduled by the Tournament Director. The elapsed time will be recorded at the time of curtailment, and the resumed game will be given the balance of two hours less the recorded elapsed time.

# 2020 HCYP Invitational Tournament Rules

- i) In an elimination game, when the time limit has been reached and the score is tied at the end of an inning, the game will continue one inning at a time until a winner is determined. In the event of playing during extra time, each half-inning will start with the player making the last out (either batted or on the base path) as a runner on 2<sup>nd</sup> base.
- j) All bracket play games will also have a no new innings rule after one hour and forty-five minutes. Mercy rules will be in effect.

- b) (10U Only) Leading is not permitted. Stealing is permitted after the pitch crosses home plate. If a base runner leaves a base early, the play will continue until the umpire calls time. The defensive team will have the option to accept the outcome of the play or to replay the pitch (i.e. deem the pitch a no-pitch). First offense is a team warning, and for any subsequent offense(s), the base runner is out; all other base runners must return to the base previously occupied; and a batter/runner must return to batter's box (unless the defensive team chooses to take the outcome of the pitch).
- c) (12U-14U) Leading and stealing are permitted any time the ball is in play.

- c) (12U-14U) Bunting is permitted.

## 12. BATTING LINEUP

Otherwise, a player leaving the game for a reason other than injury will have an out recorded each time the player's spot in the lineup is reached.

### 13. INJURY

- a) If a player is injured, that spot in the lineup will be skipped with no penalty of an out.

## 15. PROTESTS

- a) NO protests will be permitted on any umpire judgment calls.
- b) All disputed rules shall be resolved immediately before play continues.
- c) If there is a valid dispute over a rules issue, the decision of the Tournament Director (or designee) will be final.

The offending team will record a score of zero for any such game(s). A pitcher that continues to pitch beyond their game, day or tournament pitch limit will be considered an ineligible player.

## 17. COVID SPECIFIC RULES

# 2020 HCYP Invitational Tournament Rules

In order to ensure the health and safety of all HCYP and visiting teams and families, we need the cooperation of all players, families, coaches, and volunteers.

## General Protocol

- Each individual player, coach, and spectator has a responsibility to conduct themselves in a manner that protects themselves and others from illness. This includes ensuring that all participants are symptom and fever free per CDC guidelines PRIOR to arriving at the field. Anyone who does not meet CDC guidelines, is not permitted to attend a game in any capacity.
- Managers of all participating teams have a responsibility to ensure that all players, coaches, and spectators follow all rules and best practices, in addition to all other rules surrounding sportsmanship and conduct.
- It is the responsibility of each team to provide needed supplies for the periodic sanitization of baseballs referenced in these rules.
- All managers of participating teams in tournaments must attend the pre-tournament conference call to review policies surrounding rules and best practices.
- For all other games and scrimmages, the manager of the hosting team is responsible for sending the visiting team these rules and guidelines, and then following up with a conference call with the visiting manager to review the rules and make sure they are understood. Visiting managers are required to email the hosting HCYP manager or tournament director that rules have been reviewed and accepted.
- Violations of rules may result in immediate ejection of the individual and/or team manager from the facility, forfeit, and/or disqualification from the remainder of the tournament where applicable.

## Guiding Principles

- Our goal is to limit the amount of time at a field for each team. For scrimmages, warmup time will be limited and teams should leave the park within 15 minutes of the end of a game. For tournaments, in pool play, teams will be scheduled in pods of 4 - where possible - with the intent to arrive at the park, play 2 games within your pod, and then vacate the park.
- Adequate space will be provided for team warmups, maintaining both within team social distancing and separation from other teams and spectators.
- Designated parking per field will be provided for scrimmages and tournaments. If needed, overflow parking will be designated.
- Staggered start times will be set to limit the number of people walking through the parking lot or park at any time.
- Simultaneous usage of fields where spectating areas are adjacent or where parking is not adequate will be avoided.
- With the exception of concession or restroom usage, players, coaches, and spectators are asked to limit their movement to be on their assigned field and to not wander around the park or from field to field.

## Social Distancing and Other Safety Guidelines

# 2020 HCYP Invitational Tournament Rules

- Players and families must maintain adequate social distancing at all times, both off and on the field of play, with the exception of game action that will naturally draw players within a closer proximity.
- When leaving the immediate field area including going to the concession stand or restrooms and to and from the parking lot, or when adequate social distancing is not possible, face masks covering both mouth and nose shall be worn.
- Family members should remain in their cars until 15 minutes prior to game start OR after the previous teams have cleared the fields and should vacate the field within 15 minutes of completion of their final scheduled game.
- The number of spectators per family is limited to the players parents/guardians and siblings. Extended family and other spectators are not permitted. Spectators for each family should be able to fit within an 8' by 8' area.
- On some fields, areas behind the backstop and extending down the baselines as far as needed to maintain a distance of 6 ft. between all players and coaches will be reserved and closed to spectators. On some fields, numbering will be provided that designates places for player equipment.
  - o Player equipment shall be placed immediately below the designated numbered areas where available or at a distance of at least 6 ft. apart.
- Players may only warm up within the playing field on their side and should not congregate on the sideline while awaiting a previous game to end. Common areas including batting cages are closed.
- When on defense, players not on the field will stand at one of the designated numbers when available and maintain distancing of at least 6 ft. between other players and coaches.
- No seeds, gum, or spitting!

## Game Specific Rules

- Home plate umpires shall stand 6 feet behind the pitcher's mound and NOT behind home plate.
- Base coaches must maintain a distance of at least 6 feet from the base and may not lean in to speak to players on their base.
- All enclosed dugout areas are closed and can only be used as a pass through for entering or exiting the field.
- Teams are limited to 4 coaches (or 3 coaches + 1 scorekeeper) within the playing field area.
- No equipment may be shared, including bats!
- Coaches may not huddle up their team at any point, touch any player, or help them with equipment.
- Each team will be provided 2 game baseballs for each game. The defensive team will use their baseballs when on defense. When each team is on offense, balls used while on defense shall be sanitized.
